Board Policy I-63 establishes guidelines for processing proposed amendments to the County General Plan by requiring that such amendments only be undertaken when authorized by the Board of Supervisors, the Planning Commission, or the Planning Director. On August 3, 2011, the Board of Supervisors considered possible amendments to Board Policy I-63 as part of the General Plan Update. The Board took no action but directed staff to return to the Board for further consideration of the policy as part of its sunset review.
